

Volunteer Opportunities

The mission of NAMI North Carolina is to improve the quality of life for individuals and their families living with the debilitating effects of severe and persistent mental illness. We work to protect the dignity of people living with brain disorders through advocacy, education, and support. We have a Helpline, we offer support to all of our 25 affiliates across the state by offering NAMI's signature educational programs to families and people living with mental illness. We also have an annual conference, our NAMIWALKS event, and annual training events. If you can help in any way, big or small, that would be a great contribution toward helping us continue to achieve our mission. The valuable contribution of your time is as important as any financial contribution. Thank you!
